

# ATTITUDE MATTERS

## Individual Consultations

Appointments for **parenting consultations** with Craig are available in Lewes, East Sussex.

Raising children in our modern world is not an easy task. There are enormous pressures on parents and children, all of which seem to work against a peaceful home life!

From time to time parents find taking a private consultation can really help their family dynamics. More often than not the problems we experience in our lives are almost impossible for us to see for ourselves. We can find it difficult to recognise or accept our own part in our children's behaviours.

**To have an experienced and objective input can help parents make very positive changes for everyone in their family.**

### Consultation Fees

The cost is £65 for a one hour appointment. A one hour telephone appointment costs £50.
